

Organization: Madison- Morgan Cultural Center

Volunteer Title: Visual Arts Volunteer

Work Location: Madison- Morgan Cultural Center Main Building

Volunteer Impact: Be a part of bringing the arts to Madison! Each season, MMCC offers an eclectic selection of performances, art exhibits, and community events! Our volunteers play a critical role in making these events run smoothly and, most importantly, making the events memorable for our patrons! With all performers and exhibits of international acclaim, MMCC brings the quality of art one would expect to find in Atlanta right into Madison's backyard. We are the only local venue in our county that offers professional theatre, dance, and music performances, and we are one of only two organizations that offer rotating visual art exhibits. Currently, the Cultural Center serves more than 25,000 visitors yearly and maintains members from Morgan, Newton, Oconee, Clarke, Greene, Putnam, Jasper, and Walton counties in Georgia.
